She asked if they could lower a village wide speed limit. Per Chauncey, This has been discussed in detail with our committee and our council. It is understood that this is controlled by NCDOT. We may be revisit this in the near future.
 - d. Update information regarding our Deputies. It was decided after much discussion after the review of the received reports that we needed to review this with UCSD. Marty and Chauncey agreed to work together on this and report back at our next meeting. Becky offered to meet with them too. Committee Members would all like to see the reports prior to our meeting so that they can be reviewed.
